To keep up with the growing demand for emerging and growing businesses in Queensland, msl | [michael sing lawyers](#) has announced the appointment of Barrie Meerkin as head of its corporate law department.

Meerkin has worked for some of the largest and most highly acclaimed law firms in the world, often overseeing settlements and syndications for major banks and international financial corporations, including Chase Manhattan Bank and Citibank.

With over 30 years practising experience, he brings with him a breadth of legal knowledge and specialises in all aspects of corporate and securities law.

Managing Partner Michael Sing says Meerkin brings to msl a high level expertise and international experience in a specific area of law and business which will be of benefit to firms emerging from the “darkest days of the GFC”.

“Barrie’s expertise ensures that msl offers a full range of advisory and compliance services, including the provision of corporate law advisory services in respect of financial service licenses, capital raisings, IPO’s, public floats, mergers and acquisitions, corporate governance, takeovers, venture capital and financial services product advice,” Sing says.

Meerkin is admitted to practice in Queensland, Victoria as well as overseas in England and Wales and Hong Kong.
